

## **INVESTMENT MANAGER LIFE SCIENCES / DIGITAL HEALTH**

### **COMPANY DESCRIPTION**

Novalis Biotech Incubation ([www.noval.is](http://www.noval.is)) is a venture capital fund in digital health with a focus on genomics, diagnostics and bio-informatics. We are active in Western Europe (BE, NL, CH, UK) and in the US. Novalis develops and invests in innovative ideas at the early stage and supports further evolution of the companies. We invest in innovative information technology to advance prevention, diagnosis, and treatment of disease.

### **JOB DESCRIPTION**

The Investment Manager will work as part of the Novalis management team, providing support and multi-faceted analysis skills that enable investment decisions to be made and portfolio companies to be followed up and supported.

### **KEY RESPONSIBILITIES**

- Assist in day to day fund level operations:, conducting various forms of research and analysis, and reporting
- Support evaluation and filtering of investment proposals
- Expand network of Novalis by attending scientific conferences, liaise with universities and tech transfer offices
- Act as a contact person and liaising with all internal and external parties
- Provide support and guidance to fund and portfolio company management on a wide range of topics

### **REQUIRED QUALIFICATIONS**

- Scientific background in life-sciences/biotech; affiliation with bio-informatics, diagnostics, medtech or genomics is a plus
- At least 5 / 10 years of diverse experience in industry, or related
- A strong interest in financial analysis and evaluation of innovative technology
- Strong organizational and interpersonal skills
- Pro-active person, self-starter with a “can do” attitude
- Ability to think quickly, critically and to prioritize
- Excellent communication skills in English; additional languages like NL, FR etc. is a plus
- Willingness to travel on occasional basis

### **BENEFITS**

- Market conform salary + benefits
- Very dynamic and international working environment
- Flexible working hours, possibility of home office
- Opportunity for personal and professional growth
